

Foreword

Sanghamitra wishes everyone for new year and Pongal. Sanghamitra is looking for some volunteers who would like to proof read the articles and type in the content. We are glad to receive variety of articles from all corners. Sanghamitra team appreciate your interest and participation. We sincerely thank you all for sending wishes and articles. After reviewing the articles, we are going to publish those articles.

As we mentioned in our last edition, one of our volunteers contributed for the curriculum of one of the school districts in US. The committee may approve the suggestions. We post that information in Sanghamitra as soon as we hear about it. Recently an online magazine posted an article about Vedic Mathematics and published an interview with one of our volunteers. See details at <http://www.asplashofindia.com/profiles/an-interview-with-sreenivasa-ainapurapu>

Looks like the economy is slowly getting back to good shape. Hope and confidence are the only things which we should not lose at this hour. Let us pray the almighty to give us strength to handle this situation with courage.

Received mails regarding the cover page saying the cover story is good. The response to Kids' corner, Salutation to your solution etc. is little better this time. We request readers to encourage kids to answer the various contests. We decided to introduce a one prize for each of Kids' corner, Salutation to your solution and Question Gallery. The amount is partially contributed by friends of Sanghamitra.

We need lots of help in the form of contributing articles, typing the articles in the required format, proof-reading etc. As always we request your suggestions and comments in improving the magazine. If you want to share your ideas, please send mail to ainapura@yahoo.com or susri@sanghamitra.org.

Let us meet again in the next issue due in April.

-Sanghamitra Team.
